Steven.Junio91@gmail.com

Web developer looking to grow my expertise in software development.

---

## EXPERIENCE

### Outskirts, Daly City, Ca — Lead Web Developer

MAR 2018 - Present

Lead the development team and technical direction of the project while building out critical features for our web application. I work alongside our contract and in-house development team to develop the project using Bubble.io as the core framework

Manage all technology operations including:

- API implementation
- Platform integrations
- Speed optimization
- Bug fixes
- Feature builds

### TuDu Labs, San Francisco, Ca — Co-founder

2016 - CURRENT

Co-created the original Mini Wacky Wavy Inflatable Arm Flailing Tubeman

- Worked with manufacturers to prototype and mass produce Tubey the Tubeman
- Launched a successful Kickstarter to fund our initial inventory purchase
- Run Social Media PPC and organic campaigns

### Onsite at Waymo, Mountain View, Ca — Autonomous Vehicle Tester

JAN 2018 - MAY 2018

Tested new software for Waymo's autonomous vehicles on public roads and closed courses; left technical, actionable feedback and reports to the Waymo engineers to ensure the success of new software

- Communicated cross-functionally with Waymo engineers, developers, and the Waymo Fleet Dispatch
- Deep understanding of self-driving vehicle sensors, capabilities, and troubleshooting

## Technology

HTML5 - 3 years  
JavaScript - 3 years  
CSS - 3 years  
RESTful APIs - 3 years  
Software Testing - 3 years  
Bubble - 3 years  
Product Management - 3 years

## Projects

[MyDailyWorkouts.co](https://MyDailyWorkouts.co)

Workout Routine Generator  
Built with Bubble.io and a custom plugin built using Javascript

[Cropper.bubbleapps.io](https://Cropper.bubbleapps.io)

Built a custom cropper plugin with HTML/CSS/Javascript. Using the cropper.js library

[File-selector-and-uploader.bubbleapps.io/version-test](https://File-selector-and-uploader.bubbleapps.io/version-test)
